FIDM. YOUR STORY BEGINS HERE.

At FIDM, we prepare you to launch your career by providing a supportive, creative, and professional environment from which to learn practical skills, build a network of industry contacts, and gain real-world experience.

You'll have the opportunity to generate innovative design and business solutions for top brands, collaborate with companies, build your portfolio, and put what you're learning in the classroom to work.

Our graduates own thriving design, marketing, and creative business companies. They're in charge of merchandising, product development, and buying for major brands. Some work as beauty executives, design active wear, ready-to-wear, or haute couture, while others create costumes for Emmy[®] - and Oscar[®] -nominated films.

Everything we do, from curriculum to career services, is geared toward ensuring that our students graduate with the skills and work experience necessary for success in their chosen field.
